

NAVARRO COLLEGE

Pharmacy Technician Program Application

The Navarro College Pharmacy Technician Program is a 308-contact hour program consisting of lecture, lab, and externship training for students to become Pharmacy Technicians. This program is a blend of online coursework and in-person training.

This information packet contains specific application guidelines and requirements. By applying, an individual verifies that they have 1) read the packet thoroughly, 2) obtained all necessary documents, and 3) understood the policies and procedures for application and acceptance to the program.

EQUAL EDUCATIONAL OPPORTUNITY

Educational opportunities are offered by Navarro College without regard to race, color, age, national origin, religion, sex, disability, or sexual orientation.

APPLICATION REQUIREMENTS

Application to the Pharmacy Technician Program requires:

- Submission of copy of High School Diploma or High School Equivalency (HSE)
- Submission of a valid non-expired U.S. or State Government issued identification
- Submission of social security card
- Submission of immunization record and tuberculosis test
- CE Registration Request Form found here: <https://www.navarrocollege.edu/ce/>
- Drug Screen (cost is non-refundable)
- Background Check (cost is non-refundable)
- Complete the Initial Application for Pharmacy Technician Trainees found on the Texas State Board of Pharmacy website

Pharmacy Technician Packet Submission

READ THE FOLLOWING INSTRUCTIONS CAREFULLY. Applicants must submit the completed Pharmacy Technician application either in person or upload all documents to a CE Registration Request found at www.navarrocollege.edu/ce

The Pharmacy Technician application materials must be submitted at least one week before program start date and include all required documentation.

Pharmacy Technician Program Information

A Pharmacy Technician works closely with a pharmacist to ensure the health and safety of their patients. They locate, dispense, pack, and label a prescribed medication for a patient that is then reviewed for accuracy by a pharmacist before dispensed to the patient. They might also help pharmacists with administrative tasks such as processing insurance claims, tracking inventory, and filing paperwork.

- The Pharmacy Technician program consists of 308-contact hours of hybrid lecture, lab, and externship training for students to become Pharmacy Technicians. Instruction emphasizes the practical application of pharmacy mathematics, pharmaceutical terminology, drug packaging and labeling, dosage preparation, inventory systems and management, and customer service. Students must complete online activities and attend in person lecture and lab. Upon successful completion of the Pharmacy Technician program, students will receive a certificate of completion and are eligible to sit for both the National Healthcareers Association (NHA) Certified Pharmacy Technician exam (CPhT) as well as the Pharmacy Technician Certification Board (PTCB) exam.
- Because this program is a hybrid course, students must have reliable computer and internet access.
- Pharmacy Technician students must obtain the Texas State Board of Pharmacy's Pharmacy Technician Trainee License before they are placed in their 100-hour mandatory externship that is required to complete Navarro College's Pharmacy Technician program.
- Course Titles include: PHRA-1001 Foundations of Pharmacy, PHRA-1005 Drug Classification and Uses for Pharmacy Technicians, PHRA-1013 Community Pharmacy Practice for Technicians, & PHRA-1060 Clinical Externship in the Community Pharmacy Setting

Navarro College Office of Continuing Education Allied Health Program Immunization Requirements

To comply with the Texas Administrative Code (Title 25 Health Services, Rules 97.61-97.72) regarding immunization records for students enrolled in health-related courses, the below guidelines are enforced in all allied health programs at Navarro College:

An immunization record form is included with this information packet. The completed form verified by a physician or nurse practitioner would document dates of all required immunizations and/or date of a positive titer result for each. **If immunization records have been recorded on separate documentation such as a hospital printout, health department card, office call invoice, etc., a clear photocopy of that documentation may be attached to the Immunization Record Form.**

Tuberculosis Screening

An intradermal PPD (Mantoux) "skin" test is required for all applicants. The PPD must be current within (12) months of the applicant's anticipated entry into the course.

If the PPD indicates a positive reaction, documentation must indicate the induration of the test site and the applicant must obtain a chest x-ray verifying the absence of active disease. The chest x-ray must be current within one (1) year of program entry. The chest x-ray will then be valid for two (2) years while the student is enrolled. Individuals who have received the BCG injection or who have a history of tuberculosis or a positive PPD result should obtain a chest x-ray rather than the PPD.

Immunizations

An applicant must have completed the following immunizations according to the indicated guidelines and schedules. Documentation of a titer (blood test) with specific lab values verifying immunity or seropositivity is also accepted for Measles, Mumps, Rubella, Varicella and Hepatitis B.

- **Measles** – Two (2) doses of measles ("rubeola") vaccine is required either in a separate injection or in combination with mumps and rubella ("MMR"). Both measles immunizations must have been received after January 1, 1968. Individuals who were born prior to 01/01/1957 are exempt from the measles immunization requirements.
- **Mumps** – One (1) dose of mumps vaccine is required either in a separate injection or in combination with measles and rubella ("MMR"). Individuals who were born prior to 01/01/1957 are exempt from the mumps immunization requirement.
- **Rubella** – One (1) dose of rubella vaccine is required either in a separate injection or in combination with measles and mumps ("MMR"). There is no exemption from the rubella immunization requirement for individuals who were born prior to 01/01/1957.
- **Tetanus/Diphtheria/Pertussis ("Tdap")** – One dose of tetanus-diphtheria-pertussis vaccine (Tdap). In addition, one dose of a tetanus-containing vaccine must have been received within the last ten years. Td vaccine is an acceptable substitute, if Tdap vaccine is medically contraindicated. **NOTE: A standard Tetanus or Tetanus Diphtheria (Td) is not accepted.**
- **Varicella (chickenpox)** – Two (2) doses of varicella vaccine are required or documentation of a positive titer (blood test) with lab values report. **NOTE: A statement from a physician or parent indicating the student's previous varicella disease history is not accepted.**
- **Influenza** – One (1) dose of a flu vaccine is required with flu strains that start in August of each year. This is only if the flu vaccine is available at the time of enrollment.
- **Hepatitis B Series** – A complete series (either the two-dose OR three-dose) is required or documentation of a position titer (blood test) with lab values report.

Provisional Enrollments will be approved on a case-by-case basis should an applicant not have evidence of all vaccines; however, there can be NO direct patient contact until all required immunization documentation is turned in. Finally, documentation of at least one dose of the missing vaccine(s) series must be submitted for the provisional enrollment to be approved.

Navarro College Office of Continuing Education Allied Health Program Background Check & Drug Screening Policy

Drug Screening

A clean drug screen is required for acceptance into all Allied Health programs at Navarro College. The cost of testing is the responsibility of the applicants. **Applicants must take a 10-panel drug test at an approved location and the results must be sent directly to the Office of Continuing Education from the testing facility.** Results emailed by the student will not be accepted. Applicants may also utilize Castlebranch to order the drug screening. The Office of Continuing Education can provide applicants with a code to order the drug screening online. Upon purchase, they are provided with a voucher to take the screening at a specific facility. Results are sent directly to Navarro College upon completion.

In the event there are positive findings, the results will be reviewed by the Medical Review Officer, who specializes in the interpretation of questionable results. Extra costs are the applicant's responsibility. Positive results may deem applicants ineligible for acceptance into the program.*

*Once admitted into the program, students may be subject to future drug screens if "for cause" behavior (suspicious in nature) is demonstrated in the classroom or externship or per agency/externship requirement. A positive test result may deem the student ineligible for progression. This can be cause for withdrawal from the program with no refund and a "No-Pass" grade. All drug screening costs are the responsibility of the student in the program.

Background Check

All Allied Health Program applicants, except for applicants to the Medication Aide program, must submit a background check to Navarro College prior to enrollment. Any findings on the background check will be reviewed by the Office of Continuing Education. Certain offenses may make applicants ineligible for an occupational license upon program completion. Should applicants have offenses that make them ineligible for occupational licensure and/or ineligible to participate in any required externship or clinical experience, they will be denied admissions into the program.

The background check must be completed via Castlebranch, the third-party background check screening company. No other background checks will be accepted. The Office of Continuing Education will provide applicants with a code to purchase the background check. Applicants are responsible for the cost of the background check and no refunds should there be any findings deeming the applicant ineligible for program admission.

Note to Pharmacy Technician applicants: Navarro College requires both the Castlebranch background check AND for applicants to apply for the Pharmacy Technician Trainee licensure which requires a fingerprint-based background check. The results of the Castlebranch background check are ONLY available to Navarro College Office of Continuing Education staff while the Pharmacy Technician Trainee licensure fingerprint-based background check results are ONLY available to Texas State Board of Pharmacy personnel.

Notice to Students Regarding Licensing – Criminal History

Effective September 1st 2017, HB 1508 amends the Texas Occupations Code Section 53 that requires education providers to notify you a potential or enrolled student that a criminal history may make you ineligible for an occupational license upon program completion. Please contact the Office of Continuing Education should you wish to request a review of the impact of criminal history on your potential certification prior to registration or during the program.

This information is being provided to all persons who apply or enroll in the program with notice of the requirements as described above, regardless of whether or not the person has been convicted of a criminal offense. Additionally, HB 1508 authorizes licensing agencies to require reimbursements when a student fails to receive the required notice.

Payment & Program Expenses

Financial Aid

Continuing Education programs are not eligible for Pell Grant or traditional student loan funding. The Texas Public Education Grant (TPEG) is a grant designed to help Texas resident students cover his/her tuition and fees, when these expenses exceed the Expected Family Contribution (EFC) reported on their Student Aid Report (SAR). TPEG is awarded to eligible applicants on a first-come, first-served basis while funds are available and does not cover the cost of books, material, tools or any other supplies. Not all programs qualify for TPEG funding. To determine eligibility for TPEG, you will need to submit a FAFSA to Navarro College. The FAFSA application is found at www.studentaid.gov. **Navarro College School Code 003593**. For more information, contact the Office of Continuing Education.

Adult Education and Literacy Program

Students may be eligible for assistance through the Adult Education and Literacy Program. Please contact the Career Navigator at 903-875-7467 for more information.

Payment is due in full prior to the start date of the program

Textbooks & Supplies

- Applicants must purchase the textbooks prior to the first day of class. Textbooks may be purchased at the Navarro College bookstore or online.
 - Davis, K. & Guerra, A. Mosby's Pharmacy Technician: Principles and Practice, 6E. St. Louis: Elsevier Publishing
 - May, M. (Ed.). Workbook and Lab Manual for Mosby's Pharmacy Technician: Principles and Practice, 6E. St. Louis: Elsevier Publishing
 - Beale, E. Math Calculations for Pharmacy Technicians, 4E. St. Louis: Elsevier Publishing
 - DAA Enterprises, Inc. Pharmacy Software Management – A Worktext, 3E. St. Louis: Elsevier Publishing
- Students must have reliable computer/ and internet access

Estimated Pharmacy Technician Program Expenses

The Pharmacy Technician program is \$1,832 plus a \$129 fee (which pays for one attempt at the PTCB exam). Below you will find a breakdown of program costs, to include other expenses.

Pharmacy Technician Tuition- payable to Navarro College	\$1,832
Textbooks- paid separately	\$260
PTCB Exam Fee- payable to Navarro College	\$129
Navarro College Drug & Background Test- paid separately	\$69.25
Texas State Board of Pharmacy Fingerprinting	\$50
Total Estimated Program Expense	\$2,340.25

*Tuition and other fees subject to change. Tuition above is current as of Spring 2023.

If you have questions about the program application and/or other program specifics, please contact the Continuing Education Coordinator at 972-923-5263 or continuing.education@navarrocollege.edu.

Immunization Form

Two ways to submit immunizations: (1) Use this form, each line requires a doctor's signature or verification from your health center and date of immunization or dates of lab results indicating positive titer (seropositivity) required. You must include the lab results. (2) Or immunization records recorded on a separate document such as a hospital printout/health department card.

	Date of Immunization	If Seropositive, Date of Positive Titer (Attach Lab Results)	Doctor's Signature or Health Center Signature valid only if injection was given
1. Measles - 2 doses since 01/01/68 or positive Titer; Exempt if born on or before 01/01/1957			
2. Mumps - 1 dose if born on or after 01/01/1957; or positive Titer; Exempt if born on or before 01/01/957			
3. Rubella - 1 dose or positive Titer			
4. Tetanus/diphtheria/pertussis (Tdap) - 1 dose within past 10 years		DOES NOT APPLY	
5. Varicella (chickenpox) - 2 doses or positive Titer			
6. Hepatitis B Series <ul style="list-style-type: none"> ➤ 1ST initial dose ➤ 2nd dose after 1 month ➤ 3rd dose after 5 months or, ➤ Twin RIX series or Positive Titer 			
7. Influenza - 1 dose within the past 12 months		DOES NOT APPLY	

TUBERCULOSIS SCREENING

Documentation requires a ***physician's signature*** or verification from testing provider.

Intradermal PPD (Mantoux) – within twelve (12) months unless previously positive

Date _____ Results _____ Physician's Signature _____

Chest X-Ray – within one (1) year if PPD positive (Must also include positive PPD verification above)

Date _____ Results _____ Physician's Signature _____

Pharmacy Technician Application Checklist

Name: _____ **Date of Birth:** _____

Phone Number: _____ **Email:** _____

Address: _____

This checklist is provided to assist you in following the steps toward program application.

____ Completed the Pharmacy Technician application

Compile the following materials as your complete Pharmacy Technician Application

____ Photocopy of High School Diploma or High School Equivalency Certificate

____ Photocopy of valid non-expired U.S. or State Government issued identification

____ Photocopy of signed social security card (front and back)

____ Photocopy of immunization records and tuberculosis test

____ Background check and drug test

____ Online CE Registration Request found here: www.navarrocollege.edu/ce/

____ Complete the Initial Application for Pharmacy Technician Trainees found on the Texas State Board of Pharmacy website

- Applicants must submit proof of application submission.
- Applications for the Pharmacy Technician Trainee license can take several weeks to process. Navarro College does NOT require proof of licensure prior to acceptance into the program; however, students MUST have their Pharmacy Technician Trainee licensure before they are allowed to complete the mandatory 100-hour externship.

Classroom and Externship Policy

When registering for class, students are expressing their commitment to attend all lecture, skills, and externship/clinical sessions as required and specified by the program schedule. All instruction must be provided by an authorized Navarro College program instructor. Students will not be allowed to complete skills training or clinical/externship hours at any other location other than the designated Navarro College Campus indicated on the schedule and clinical partner locations approved for the Navarro College Pharmacy Technician program.

To complete this program, students must attend classes as scheduled and demonstrate mastery of skills and competencies as evaluated by the instructor. Students may need to travel some distance (up to 60 miles) to participate in externship/clinical hours at an approved clinical/externship site. Students must have flexible availability to accommodate the hours of the externship/clinical partner.

Externships/clinicals will be coordinated after successful completion of the classroom portion. Students should expect a 2-4 week delay in placement after successful completion of the classroom portion. In rare circumstances, a student may be delayed by 4-5 weeks. The externship/clinical coordinator will provide a list of approved sites. The coordinator will make every attempt to place the student at the students' preferred location; however, there is no guarantee of placement at a specific externship/clinical site.

Navarro College guarantees that a student will be placed at an externship/clinical site so long as the student obtains the Pharmacy Technician Trainee License from the Texas State Board of Pharmacy AND successfully completes the classroom and lab portion of the program.

By signing below, you are stating that you have read, understand, and agree to abide by, the above Classroom and Externship Policy.

Pharmacy Technician Trainee License Requirement

A pharmacy technician trainee is an individual who is registered with the Texas State Board of Pharmacy (TSBP) and is authorized to participate in a pharmacy's technician training program. Once approved, this registration enables an individual to work in a pharmacy for the length of the registration (no more than 2 years). During this time, the individual should be studying to take and pass a Board approved pharmacy technician certification exam.

IMPORTANT: An individual may only apply for a pharmacy technician trainee registration once and the registration cannot be renewed, extended, or transferred. This application does not require a current PTCE or ExCPT Certification. If you have a PTCE or ExCPT certification, do NOT apply for this registration.

Pharmacy Technician students must obtain the TSBP's Pharmacy Technician Trainee License before they are placed in their 100-hour mandatory externship that is required to complete Navarro College's Pharmacy Technician program.

Please note that all application fees to the TSBP are non-refundable- including applications made in error.

To obtain a technician trainee registration, complete the following*:

*Note: All steps are also found on the TSBP's website here: <https://www.pharmacy.texas.gov/applicants/tech-trainee.asp>

Step 1: Register for a secure online account. Use a personal email address that belongs to you, not a school assigned email address. **IMPORTANT:** Make sure to use your full legal name on all parts of the application, as this is the name that will be printed on your registration certificate. Ensure that your social security number is correct as this can cause a delay in processing fingerprints and your application.

Register here: <https://vo.licensing.hpc.texas.gov/datamart/login.do>

Step 2: After you register and log-in, click on "apply for a new license" then click on "Initial Technician Trainee-". Assure the address you enter on the applicate is accurate (include apartment number). This should be an address where you receive mail from the US Postal Service.

Step 3: Pay the application fee with MasterCard, Visa, Discover, or American Express.

Step 4: Once an application is submitted online, an email is automatically sent to the email address associated with the applicant's Online Licensing System Profile (i.e., the email you used to log in and submit the application). This email contains the instructions and the link to schedule your Fingerprint Session with the state-approved vendor. There is a separate fee for fingerprints charged by the vendor. **This fee is less than \$50.00.**

- If you have submitted an application and did not receive an email, contact the Board at fingerprints@pharmacy.texas.gov with your full name, type of license/registration applied for, and your entity number, if applicable.

Once you have successfully completed your Fingerprint Session, allow up to 10 business days for the results to be received by the Board.

WARNING: FAILURE TO USE THE TSBP SERVICE CODE FOR FINGERPRINTING WILL RESULT IN THE FINGERPRINTS NOT BEING SENT TO TSBP. IF THIS OCCURS, THE APPLICANT WILL HAVE TO RESCHEDULE THE FINGERPRINT SESSION AND PAY ADDITIONAL FEES.

If the link does not take you directly to the TSBP IdentoGO page or if you are asked for the service code, email fingerprints@pharmacy.texas.gov with your full name, type of license/registration applied for, and your entity number, if applicable.

Additional instructions are listed on the next page →

Important notes on the fingerprinting session:

All initial applicants must complete a fingerprint session unless they have been fingerprinted for a different TSBP application within the last 36 months.

- Do NOT schedule your fingerprint session without the TSBP service code.
- The service code must be used in order for TSBP to obtain the results.
- The service code is embedded in the link provided in the automatic email.

Note for applicants who provided an address outside of Texas:

- *Applicants who have listed an address outside of Texas will be mailed a Fingerprint Packet and instructions since the vendor may not have a digital scan location in their area. This Fingerprint Packet is automatically mailed to the address listed on the application. Allow four (4) weeks for the packet to arrive by United States Postal Service (USPS).*
- *Once you have successfully followed the instructions for the Fingerprint Packet and submitted it, allow up to Four (4) Weeks for the results to be received by the Board.*
- *If you have not received a fingerprint packet within four weeks, contact the Board at fingerprints@pharmacy.texas.gov with your full name, type of license/registration applied for, and your entity number, if applicable.*

Step 5: Allow a minimum of SIX weeks* for the application to be reviewed and processed. Once approved, a registration number is issued with an ACTIVE status. An applicant can NOT perform ANY Technician Trainee duties until a registration number has been assigned with an active status. Registrations can be verified online using the license verification search found here: https://www.pharmacy.texas.gov/dbsearch/tech_search.asp

*Any applicant that has any criminal history or prior disciplinary action may have a longer processing time as the application will have to be reviewed by TSBP Enforcement Staff. More information regarding this review can be found under Disclosure of Criminal History. This review may take up several months to be completed.

Once available, you may print your registration certificate from the website.

The process to obtain your Pharmacy Technician Trainee License can be long.

Before contacting the Texas State Board of Pharmacy, please do the following:

- 1) Check if you've been provided a Registration Number by using the License Verification to search for your registration (https://www.pharmacy.texas.gov/dbsearch/tech_search.asp). Search using your first and last name. If your name is listed in the search results, you can also log back on to the Online Licensing System and you should see it under "Manage your License Information" when you login to your account. Note that TSBP no longer mails a technician trainee registration certificate to the registrant.
- 2) Double-check that you've completed everything on the application instructions. Have you been fingerprinted? TSBP cannot process any application until the Fingerprint Session has been completed and results sent to the Board. If not, go to Schedule your Fingerprint Session and follow the instructions.
- 3) If something shows up on the criminal history background check, then your application and/or the results from the criminal background check must be reviewed by an in-house Enforcement Officer. This review process can take up to several months.

If you have completed the fingerprint process and it has been more than six weeks since your fingerprints were received by the TSBP, then contact the Technician Registration Specialist by emailing tech@pharmacy.texas.gov or by calling (512) 305-8031. Be prepared to provide your full legal name and social security number so that the Specialist may find your application.

Pharmacy Technician Trainee License Requirement Statement of Understanding

I, _____, understand that to complete Navarro College's Pharmacy Technician program, I must attend a mandatory 100-hour externship. To attend the externship, I must successfully complete the classroom and lab portion of the Pharmacy Technician program as well as obtain the Pharmacy Technician Trainee License through the Texas State Board of Pharmacy.

- Applications for the Pharmacy Technician Trainee license can take several weeks to process. Navarro College does NOT require proof of licensure prior to acceptance into the program; however, I understand that I MUST have their Pharmacy Technician Trainee licensure before I am allowed to complete the mandatory 100-hour externship.
- I understand that certain offenses make me ineligible to become a Pharmacy Technician in the state of Texas.
- While Navarro College requires an independent background check be completed prior to admission into the Pharmacy Technician program, it is my duty to inform college personnel of all criminal offenses, both past and current.
- Should I fail to obtain the Pharmacy Technician Trainee Licensure due to ineligible offenses or for any other reason and thus not be able to complete Navarro College's Pharmacy Technician program, I will NOT receive a refund of tuition, fees, and any other expenses incurred for participation in the program.
- I understand that I can find more information regarding how criminal histories affect state licensure here: <https://www.pharmacy.texas.gov/criminalhistory.asp>

By signing below, you are stating that you have read, understand, and agree to abide by, the Pharmacy Technician Trainee License Requirement Statement of Understanding

Health Insurance and the COVID-19 Vaccine Student Acknowledgment

Navarro College Office of Continuing Education does not require students to have health insurance or the COVID-19 vaccine; however, certain clinical and externship sites require health insurance and/or the COVID-19 vaccine series to complete hours at their facility. It is highly recommended that students have both health insurance and the COVID-19 vaccine series (including the booster vaccine). Should a student NOT have health insurance and/or the COVID-19 vaccine series, they will be placed at a clinical site that does not require one or both. This may increase travel time and travel expenses for the student. Navarro College is not liable for these expenses. Please note: if all available sites for clinicals and externships require the COVID-19 vaccine series at some point during the class, Navarro College is not liable for refunds should a student not have the vaccine and thus not be eligible for clinicals and externships. Clinicals and externships are a requirement of program completion.

Important notice regarding the COVID-19 vaccine series: The situation regarding COVID-19 is fluid and subject to constant updates from the CDC and local government authorities. Hospitals are starting to require the COVID-19 vaccine series for all employees and students. Students may begin at a clinical site during a period when the vaccine series is suddenly mandated for continuation of clinical hours. Should this occur, Navarro College will not guarantee a clinical location change due to a student being unvaccinated. It is the student's responsibility to ensure they comply with all clinical site requirements.

The COVID-19 situation is fluid and subject to federal, state, and local mandates and guidelines. Upticks in COVID-19 cases and changes in CDC protocol can cause a hospital or facility to temporarily prohibit on site clinical and externship rotations. Should clinical and externship rotations be suspended during your program, Navarro College will offer either simulated externship hours when appropriate (and in line with professional certification requirements) or delay program completion until externship rotations are available.

By signing below, you are stating that you have read, understand, and agree to abide by, the above Health Insurance and the COVID-19 Vaccine Student Acknowledgment.

Pharmacy Technician Student Agreement

Statements of understanding. Initial each and sign below:

_____ Information given is factual. Falsification of required documentation results in application rejection.

_____ I have received, reviewed, and agree to abide by the Navarro College Office of Continuing Education Allied Health Program Background Check & Drug Screening Policy as well as the Pharmacy Technician Trainee License Requirement Statement of Understanding.

_____ I understand that this type of course/career has specific physical requirements, which may include lifting up to 25 pounds.

_____ **I understand that the completion of the Pharmacy Technician program will not ensure my passing the Pharmacy Technician certification examination through PTCB and I agree that Navarro College will not be liable if I fail the exam. I understand that any retest of the PTCB exam must be coordinated directly with PTCB and I must pay the additional testing fees associated with retesting.**

_____ I understand that if I do not successfully complete and pass each requirement for admissions, my application will be declined.

_____ I understand that enrollment in these courses is limited, and seats will be awarded in date order based on those students who complete, turn in, and pass all pre-admission requirements.

_____ I agree to the terms as laid out by the Student Handbook, located at <https://www.navarrocollege.edu/handbook/index.html>. I understand if I do not follow the terms laid out by the Student Handbook could result in referral to the Dean of Workforce Training and Continuing Education and possible expulsion. I understand if this happens at any time during the course, I will not receive a refund. I understand that any of the following can be grounds for dismissal from the course, effective immediately with no refund: Not maintaining a passing grade of 70% or higher; attendance falling below 90%; dishonorable conduct as stated in the Student Handbook; as ordered by the Dean of Workforce Training and Continuing Education.

I have read and understand the terms related, and release Navarro College and its employees from any liability.

Student Health Agreement and Release of Liability

I, _____, hereby certify that I am physically fit to participate in any classroom or clinical activity associated with the Navarro College Pharmacy Technician Program. I am not suffering from any illness or injury which would disqualify me from student participation.

Before registering for the Pharmacy Technician class, the following compliances must be read and acknowledged by signature at the bottom of the document regarding the above-mentioned student:

For the student safety, Navarro College and the externship site, must be notified of:

- Chronic health problems
- Pregnancy
- Certain health conditions may require a doctor's full release statement on official doctor office letterhead before the student will be allowed to enter or return to the program. If the condition prevents the student from participating fully, she/he will not be allowed to return to the clinical site until the student's attending physician has released the student to full duty. If this release is more than the allowable absences, the student will be dropped from clinical.

IF ACCEPTED INTO THE PROGRAM, I UNDERSTAND AND HEREBY AGREE TO ASSUME ALL OF THE RISKS WHICH MAY BE ENCOUNTERED ON SAID ACTIVITY, INCLUDING ACTIVITIES PRELIMINARY AND SUBSEQUENT THERETO. I do hereby indemnify and hold harmless the designated training facility owners, board members, administrators, nursing staff, employees, volunteers, and representatives. I do hereby indemnify and hold harmless Navarro College, and their board, officers, directors, agents, instructors, employees, volunteers, and representatives (the "Indemnified Parties") from and against all liability, damages, actions, causes of action, claims, losses and/or expenses, including, but not limited to, attorneys fees, court costs, and expenses arising in connection with or based on injury to or death of any persons or property, including the loss of use thereof, caused in whole or in part by any member of Navarro College, regardless whether or not caused in whole or in part by the negligence of the Indemnified Parties, or any one or more of them.

I expressly agree that this release, waiver, and indemnity agreement is intended to be broad and inclusive as permitted by the law of the State of Texas and that if any portion thereof is held invalid, it is agreed that the balance shall, notwithstanding, continue in full legal force and effect. This release contains the entire agreement between the parties hereto and the terms of this release are contractual and not a mere recital.

I further state that **I HAVE CAREFULLY READ THE FOREGOING RELEASE AND KNOW THE CONTENTS THEREOF AND I/WE SIGN THIS RELEASE AS MY OWN FREE ACT.** This is a legally binding agreement which I have read and have understood.

I understand that all policies, regulations, and standards of conduct of Navarro College will be in effect and must be adhered to in any classroom or clinical activity. It is also understood that I will not be allowed to participate in any classroom activities until this form is executed below.
