

John Deere TECH Program Video Transcript

[Red Navarro College logo slowly increasing in size on white screen]

[Four industrial-size John Deere tractors and five smaller John Deere lawn mowers are parked on the other side of the wrought-iron fence. Large overlay text “John Deere Tech Program” is positioned on the bottom of the screen.]

[Video changes scene and zooms in to a small piece of John Deere part]

(Narrator/Voice-over) “Driving tractors growing up.”

[Person climbs into the John Deere tractor cab and sits down.]

(Narrator/Voice-over) “It was really interesting how everything works.”

[Person drives the tractor out of the workshop.]

[Speaker talking on-camera]

Brandon Edmonds, Agriculture Student: “Coming here gives me the opportunity to learn more in depth.”

[Video quickly changes scenes – zooms on side of tractor with lid up, a close-up birds-eye view of tractor engine, and then focuses on a green engine hoisted slightly off-ground.]

[Speaker talking on-camera]

Brandon: “and be able to help people fix their problems.”

[Brandon lifts a small engine part from table while student #1 is standing nearby in the background.]

[Brandon pulls a toolbox drawer and takes a screwdriver out]

[Brandon is holding the small engine while student #2 is using the screwdriver to pry something out of the engine part.]

[Brandon is sitting in the tractor cab, holding a testing device in one hand while handing off the cables of the testing device to student #2 who is standing near the cab.]

Brandon (Voice-over): “So the fact that the college offers”

[Student #3 and student #4 are the only two individuals inside the tractor cab, talking, running tests, then driving the tractor backwards out of the workshop.]

[Speaker talking on-camera]

Brandon: “so many trade school opportunities is really good.”

[Brandon and six students are huddled around a larger engine, making observations]

Brandon/Voice-over: “because it allows people to still get the degree.”

[Video quickly zooms a close-up of each student moving in towards the engine]

Brandon: “but it also teaches them that trade”

[Speaker talking on-camera]

Brandon: “so they can jump into it and go right to work.”

[Aerial view of Navarro College buildings and campus grounds, flying over John Deere TECH building. Text overlay on middle of screen “Average pay of graduates: \$60-65K.” Text #1 fades away and text #2 “100% of students have a job upon graduation.”]

[Video ends with a red Navarro College logo on a white screen]
